

VP-Professional Practice Elect: Frank CHOW Kai Fat

Vision Statement:

Project managers are interested on how they can contribute their practical experience and skills to a better environment in their daily work. In the meantime, project managers should manage the project in a professional way. So I would like to drive the opportunity to promote and enhance the professional practice to PMIHK members. PMIHK can act as a knowledge base for project managers to look for best practices, guidelines tools and templates. I am looking forward to serve the needs of PMIHK members in the next two years.

PMI Leadership Experience:

- VP Professional Practice (2017-2019), PMIHK
- Sub Committee Member (2015-2017), PMIHK
- Sub Committee Member (2007-2009), PMIHK
- Volunteer Guest Speaker, Professional Diploma in Project Management (organized by PMIHK, 2008)
- Volunteer Class Manager, PMP Exam Review Class (organized by PMIHK, 2007)
